Daphne cneorum

A LOVELY little evergreen rock-plant that is growing in favor every season. In May and June it is a mass of pink flowers—in fact, we have flowers even until frost. Can be used in open sun or partial shade and is entirely hardy here in New England. Nested at the edge of an evergreen border, or along a pathway, Daphne makes a splendid border plant.

A LIMITED NUMBER CAN BE SUPPLIED THIS FALL AT THESE PRICES:

8 to 10 in.....	\$55.00 per 100
10 to 12 in.....	75.00 per 100
